

# Prep-It™

Antiseptic Skin Wound Cleanser

## THE BIOBURDEN ISSUES ARE IN THE WOUND BED NOT THE DRESSING!

Prep- It™ was formulated for the management of stage II-IV pressure ulcers, stasis ulcers, skin tears, abrasions and minor skin irritation. It will begin killing a broad spectrum of pathogens on contact as demonstrated by in vitro testing. The cleanser is gentle and does not inhibit wound healing.

- + Bleach and Alcohol Free
- + Kills Odors at Their Source
- + Earth-Friendly Ingredients
- + Clear, Stain Free Solution
- + No Rinse Formula
- + Gentle, No Sting

### Directives:

- Use before dressing change to cleanse and reduce bio-burden
- Use to counter incontinence contamination in wound bed
- Use on newly acquired wound sites
- Use to spray contact layer of dressing before packing wound to protect from bacteria
- Spray directly onto stasis and diabetic ulcers

Available in a convenient 2 oz. bottle

## When it comes to Diabetic Sores It is never just a “little cut”

- Even a minor wound can become infected if bacteria is allowed to build up. Prep-It™ will help cleanse the wound of unwanted bacteria.
- Spraying Prep-It™ on foot wounds and between toes is an easy way to control bacteria and negate odors.
- Narrowing arteries make it harder for blood to get to the wound. Blood flow promotes healing, when blockage is an issue, cleansing is vital to the healing process. Spray area with Prep-It™ –let air dry.
- Prep-It™ can be the first defense to any wound that develops. Stop the bacteria build up first and speed the recovery time.

**Prep-It™ can make all the difference!**
